I've also attached for all of you the MS Word version of this, pre-cleaned.

This is the one we should now be working on and not the current SP version. This should probably replace the SP version for simplicity.

David.

Hello Jessica and Lori,

I had indicated to Ashlee that I would send you the draft version of the DDVP epi/incident memo tonight after I had one last read of the draft. Ashlee had indicated to you earlier that we would have it to you on Tuesday for posting. Please see a PDF version of this draft attached. Note that we intend to finalize and sign it shortly after the RARC next week, subject to any recommendations of the RARC.

I understand Ashlee intends to insert the epi/incident conclusions directly into the RA tomorrow (Wednesday) morning.

Regards,

David.

That's fine. I'm sending the RARC package today to Lori so you can just add your epi info to the file she posts to the RARC SP site tomorrow. No problem. Can you send me your memo citation so I can add it to the Reference list? I can just leave the date as draft.

Hi Jessica,

We are working on finalizing our DDVP epi memo, and have a few last minute items we need to address today. Would it be okay if I sent you conclusions tomorrow?

Please let me know, thanks.

-Ashlee
